

## Rules and Regulations 2025

1. The market season begins on the last Saturday in April each year and ends on the Saturday of the Thanksgiving weekend (April 26<sup>th</sup> to October 11<sup>th</sup>).
2. The market hours are Saturday from 8:30 AM until 12:30.
3. The aim of the market is to sell homemade or homegrown products created by the vendor.  
'Homemade' means products must have no less than 50 percent home-made content. No products, produce or crafts are to be bought then resold by the vendor. Used goods may only be sold if they have been thoroughly modified and have become part of a new product.
4. The fee for one 10'x10' stall is \$20 for a single market day or \$300 for the season and must be paid at, or prior to the first market attended by the vendor. The fee for a second (and third) stall is \$15 per market day or \$225 for the season. *By the fourth market of the season the vendor must choose to either become a seasonal vendor (and pay the balance owing for the summer) or remain as a day vendor and pay the daily rate until the season ends.* Payment for markets by day vendors is due before the market day or at the beginning of each market day. Payments are made preferably by e-transfer but can also be made with cheque or cash.
5. Seasonal vendors are expected to inform the Market Manager if they are unable to attend before Thursday 6 PM. Drop-in vendors must let the Market Manager know if they would like to attend the market before Thursday 6 PM.
6. All vendors must be in their stall by 7:45 AM or their space may be given to another vendor for that day. No vendor will be admitted to the Market after 8:15 AM unless special permission has been granted by the Market Manager. Earlier arrival is strongly recommended to facilitate easy setting up of the Market. Vendors are not to set up until the ropes are in position.
7. If vendors are occasionally unable to attend the market themselves, they may have a member of their family or staff work at the stall. The market manager must be informed of this prior to that market day.
8. On occasion, vendors may be allowed to share booth space. This will be allowed through a ruling of the market manager on a case-by-case basis and is not a given. Both vendors will pay 75 percent of the total booth cost. (A total of 1.5 of the vendor fee rather than simply double the fee.)
9. No Vendor is to begin to dismantle their stall until after the close of the Market. Occasional exceptions may be made to vendors who have received approval from the Market Manager.  
Should vendors find themselves sold out prior to the end of the Market the use of a 'sold out' sign recommended.
10. Those who have a store front operation (exclusive of farm gate sales and home-based businesses) are NOT permitted to sell at the market. A franchise operator is defined as a person acting as an agent/vendor for another company's product or brand.

All products for sale need to meet the laws, regulations and rules as specified by Federal, Provincial and Municipal bodies, local health authorities, the Armstrong Farmers' Market and the certifying Body (if any) the vendor belongs to. It is the responsibility of the vendor to understand and comply with said regulations. It is also up to the vendor to know and comply with provincial and federal tax requirements and to have all documentation available to the Armstrong Farmers' Market Board upon request.
23. The Armstrong Farmers' Market reserves the right to limit the sale of any commodity, the distribution of literature, political or religious material or any article deemed not in the best interests of the market. The decision of the Market Board of Directors is final.
24. Vendors may be subject to a home visit by AFM Board Members to verify that all products being sold are produced or made by the vendor.
25. The market day manager is hired to collect fees and enforce rules and regulations of the market. Should a vendor disagree with the manager they are asked to respect the atmosphere of the market and *quietly* approach the Market Manager or an AFM Board Member with their complaint.

27. Only vendors who are certified as organic growers and who can produce the certification can advertise their products as organic.

33. Vendors are responsible for leaving their area clean.
34. Non-profit groups are invited to attend the market three days during the season to advertise their work, display posters and brochures as well fundraise. They may, however, only sell merchandise on *one* of these occasions. Coordination of these visits is the responsibility of the Market Manager.
35. Vendors are reminded that their neighbors have paid for their own space and should not trespass uninvited into another vendors booth.
36. *Hawking* is not allowed at the Armstrong Farmers Market. This practice involves vendors shouting at visitors to draw attention to their products.
37. The Armstrong Farmers' Market is a place of business and a public forum. Polite and professional behavior as well as fair and honest business practices are expected. These rules and regulations were updated and approved in November 2024.

38. The Armstrong Farmers' Market is insured through the BCAFM; however, this insurance does not cover individual vendors. Therefore, it is highly recommended that vendors obtain their own market insurance.
